

# Santa Margarita Water District

## FIRE FLOW TEST REQUEST

Date: \_\_\_\_\_

Name: \_\_\_\_\_

Phone: \_\_\_\_\_

Fax: \_\_\_\_\_

Reason for fire flow test: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Address for fire flow test: \_\_\_\_\_

in \_\_\_\_\_, CA.  
(city)

Tract# \_\_\_\_\_ Lot# \_\_\_\_\_

SR# \_\_\_\_\_ - found on the Orange County Fire Authority (OCFA) Water Availability Form, if applicable.

### **If fire flow test is requested for a commercial property:**

- A site plan must be attached showing the location of the public fire hydrant that would best serve your project.

Fire flow tests are typically done on Thursdays. Once the flow information is received and processed, the results will be faxed to OCFA. If you would like to have the results faxed to you, please be sure to include your fax number in the space provided above.

You may also pick up the fire flow test results from the Santa Margarita Water District Engineering Counter once the information is available.

Please contact Clay Hutter at (949) 459-6581 for questions regarding the status of your request.
